

The image features a background photograph of a yellow taxi cab parked on a city street. The taxi is a classic model with a large, round headlight and a black roof rack. The background is slightly blurred, showing other vehicles and buildings. Overlaid on the top left is a teal and green curved banner containing the 'Taranto' logo. A large, semi-transparent teal circle is positioned in the center-right, containing the text 'ESG & SOCIAL VALUE'.

Taranto

## ESG & SOCIAL VALUE

# Taranto's Values

---

We believe in the power of corporate social responsibility and accountable governance. We collaborate with our clients with the aim of improving the quality of life of citizens who engage with our parking and traffic management solutions.

Listen more than talk

Be open-minded and  
bold

Together is better than  
alone

Improve small things  
every day

Never settle for 'that'll  
do'

## Environment

---

### Taranto's commitment

- Commitment to Net Zero - objective to reduce emissions by half by 2030 and achieve net zero by 2050
- Carbon offsetting programme – working with environmental charity Ecologi on reforestation programmes to offset carbon emissions
- Our Environmental and Carbon Management policy outlines our commitment to reduce waste, reduce consumption of materials and procure goods responsibly
- Equipment recycling – we aim to reuse and recycle equipment in our offices and for our clients. We recently worked with a client to reutilise signage and solar panels at bus stops
- In collaboration with the Future Forest Company, we plant 25 trees for every new client contract

## Support for clients

- TfL's ULEZ is now the world's largest CAZ - contributing to improving air quality in London – reducing emissions by 26% and NOx by 50%
- Emissions based parking - our pioneering collaboration with our improvement in the borough client Ealing Council which was one of the first UK councils to introduce parking permit fees based on vehicle emissions has contributed to air quality
- Islington Council uses Taranto Permits to manage EV parking permits, based on battery size
- Our Environmental FPN module helps clients improve their local environment by enforcing offences eg littering, graffiti, or dog-related issues
- Support for clients to enforce Public Spaces Protection Orders (PSPOs) with a simple to use VRM look to identify offending vehicles – helps to reduce flytipping

## Social

- This year's corporate charity is Cancer Research
- We organise regular fundraising activities not only to raise money for good causes, but to contribute to team spirit and community engagement
- We sponsor grassroots sports to encourage young people's fitness and team activities. Supported teams include Greenloons in Merseyside and Hashtag United in Essex
- Each year we donate presents to a local charity ensuring that underprivileged youngsters receive Christmas presents
- Volunteer Leave – each Taranto colleague has 2 days leave to volunteer for a charity they support
- Mental Health & Wellbeing support - Help@Hand online app offers support for all colleagues' wellbeing

- 'What's on your mind' monthly Teams meetings on specific topics, enabling colleagues across the Modaxo Group to exchange views and give mental wellbeing support
- Taranto is committed to a diverse working environment and is an Equality Opportunities Employer
- We have a programme to support people at the start of their careers, recruiting apprentices, new graduates and offering work placements and in the past three years, we have recruited three apprentices, three new graduates and one work placement

## Governance

- Our leadership team is committed to our ESG goals and we collaborate across the Modaxo Group to achieve our joint ESG objectives
- Taranto has adopted a robust risk and compliance strategy, driven by MD, Dan Holby
- Taranto maintains the highest data integrity and has achieved ISO27001 standard for data security
- We ensure that adhere to industry codes of ethics and are members of the British Parking Association (BPA) and International Parking Community (IPC)
- Taranto has G-Cloud 14 and ESPO accreditation
- Our partnership with Microsoft Azure helps to reduce the environmental impact of Cloud data centres
